

I once made a promise
I was in a circle of women
I saw women's faces
We gathered on March 8: women's day

I was in a circle of women
I felt their pain and strength
We gathered on March 8: women's day
Important to remind us

I felt their pain and strength
Connected, involved
Important to remind us
Guiding principle in my work

Connected, involved
Strong emotion
Guiding principle in my work
Must try to inspire others

Strong emotion
I saw women's faces
Must try to inspire others
I once made a promise
